What is the CSA?

The California Spanish Assessment (CSA) is an optional Spanish reading/language arts test that is aligned with the Common Core State Standards en Español. Students in grades three through eight and high school who are receiving instruction in Spanish, or seeking a measure of their Spanish language arts/literacy skills, take the CSA.

What do the scores mean?

Students receive an overall score and an achievement level. There are three different achievement levels that describe the student's Spanish literacy.

Level 3: High Degree

Level 2: Moderate Degree

Level 1: Limited Degree

There is more detailed information about each domain, which is reported as one of the following categories:

These results provide a measure of where students are in the development of their knowledge and skills. Assessment results are only one measure and should be combined with other information to better understand student achievement.

If you have any questions about the assessment or your child's results, you may contact your child's teacher or visit <https://www.caaspp-elpac.org/assessments/caaspp/csa/>.

For more information about these tests, including resources you can use to support your child's learning at home, visit <https://CA.StartingSmarter.org/>.
